Conditions of Hire.

Breakdowns do occur - we will guarantee to have a replacement machine to you no later than the next day.

Book prior to 2pm, it can be difficult filling last minute jobs.

It is your responsibility to nominate correct bucket sizes at the time of ordering equipment (standard sizes are 300, 450 and 600)

Normal hours are 7am to 6pm Monday to Saturday. Anything outside normal hours incurs a \$10.00 per hour penalty rate. V.B.I.A. sites may incur additional costs above the standard rates schedule, in accordance with site agreements.

Travel time applies to the first day of the job only.

Tollway charges are in addition to the standard hire rates. You can request operators not to use them if you wish.

All credit claims for damage or otherwise must be presented within 7 days of invoice - otherwise credits will be refused.

It is the hirer's responsibility to authorise each and every hire docket and ensure all details listed are correct.

It is the hirer's responsibility to ensure the underground services are properly located, marked and adequately protected.

Standby rate is 50% of normal hire rates.

If plant or trucks arrive at site and have not been cancelled up to 1 hour before start time a 2-hour 'no start' applies.

It is the hirer's responsibility to supervise equipment onsite.

If you require operators to supply OH&S and/or union details, you must advise at the time of booking.
